## Information About Libertas:

Libertas is the latest in a series of high profile projects that Schon Properties is undertaking, which notably include the landmark Dubai Lagoon development, Schon Business Park, Schon Suites and The Signet, among others. The emerging real estate powerhouse is putting the spotlight on its latest premium commercial project called Libertas, a AED 650 million property located on Sheikh Zayed Road in the massive Downtown Jebel Ali development. In Downtown Jebel Ali, a 200 hectare mixed use urban community that will be at the core of what is now known as New Dubai, Libertas is enviably located in the Trellis district, which is made distinctive by unique pathways of greeneries that connect a thriving hub of business and residential towers. In developing Libertas, Schon Properties sought to address a strong demand for commercial space in Dubai as a result of its continuing boom. Dubai growing prominence as a centre of commerce in the region, and the world, has enticed many new start-up businesses to set up shop here, and has attracted many large multinationals to relocate here thus prompting a demand for more office spaces which is being addressed with Libertas. Libertas offers 21 floors of superb office spaces all designed to cater to the needs of busy businesses. The tower has been strategically designed - with just one central pillar – to give tenants an unobstructed view of their work environment that is also spacious and filled with natural light. An impressive retail mix at the ground floor to provide our tenants and their guests all the comforts and conveniences of doing business.
