Information About Al Dana:

<div align="justify">One of the most prestigious addresses in the world in which to have business premises, Al Dana is also a beautiful and cosmopolitan place to live. From low-rise villas and townhouses among the shaded courtyards and piazzas to apartments of one to four bedrooms, Al Dana Residences by 5+ Design is complemented by a host of retailing and dining outlets, making up a sophisticated community in a dazzling waterfront setting, where residents and visitors can shop, dine, explore and be entertained. Below the residences, cafes and restaurants have terraces that lead down to the marina, its profile designed to change shape with the rising and lowering of the tide.

Inspired living at the heart of business. Spaced around the marina from the Abu Dhabi World Trade Center to the iconic residential building by Asymptote, the towers' ultra-thin profile represents the ideal balance between form and function, maximizing views, sunlight and the movement of breezes through the neighborhood. Large balconies and panorama windows provide unparalleled views of the waterfront and over the bustling business hub. Lavish apartments, available from one to four bedrooms, with plush interiors, stylish design and flawless fittings and finishes, make a home at this elegant address one of the most sought-after in the world.</div>
