- Gym or Health Club
- Swimming Pool

Other Facilities

- Cafeteria or Canteen

Information About Goldcrest Business Vistas:

The joint-venture by Mazyood Giga International and ETA Star, Star Giga, yesterday unveiled the 'Goldcrest Business Vistas', a Dh.360 million project in Ajman. Falling into the category of world-class real estate projects, the Goldcrest Business Vistas provides the best most commercial environment to companies at the regional and international levels, investors and other multinational business establishments. The project is being built in the Emirates City, the new mixed-use development on the Emirates Road in Ajman, and is just 20 minutes away from Dubai and Sharjah International Airport. The 29 storey commercial tower will include five offices of various sizes, ranging from 845 square feet to 1544 square feet in area, which the investors could choose from.

The offices are designed in an open plan, offering space for more interaction and team work. The upscale tower, at its podium level, offers a multi cuisine restaurant, and features a rooftop gymnasium, and pool, for the fitness conscious corporate world. The Star Giga Executive Director, Amir Pardesi, said Emirates City on Emirates Road in Ajman, being one of the most coveted new developments in UAE, is the most ideal environment to launch a business. The Goldcrest Business Vistas is an ambitious project, with a potential to attract large numbers of business firms, seeking to operate in a modern business environment.
