Information About England:

The Essence of England:- Land of hope and glory, Shakespeare, Premier League Football, Stonehenge, Big Ben, cricket, the National Trust, Eton and Oxford, country walks and Sunday lunches, England boasts a rich heritage of intellectual and cultural achievements. Countless museums, historic monuments, galleries, quaint little villages and ancient cathedrals provide the backbone around which modern England has evolved. International City's 'England' harks back to traditional London life. Two, three and four storey buildings reflecting 18th and 19th Century Georgian and Revivalist styles are topped by red gabled roofs and brick chimneys. Shop fronts on the ground floor add to the sense of old English community spirit. International City's unique design has attracted strong interest from a variety of leading retail outlets, and the development will feature 5,000 shops, some of which will be located on the ground floor of certain residential blocks. Other facilities include three schools, several entertainment facilities and outdoor theatres.

Restaurants, medical centres, a post office, police station and transportation services; and a huge parking area will also help ensure a high standard of living and utmost convenience for residents. The neighbouring DragonMart Complex comprises eight fully equipped warehouses offering customers the widest range of Chinese goods outside mainland China. Packed with every conceivable retail product for both the trade and consumer markets, it serves as a permanent exhibition and commercial venue for over 3,000 Chinese companies to display and sell their wares. A tourist attraction in its own right, the complex will house showrooms, shopping areas and restaurants. The neighbouring 12 million square foot Dubai Design Centre is aimed to be a world-class central hub for all products designed to improve both internal and external spaces, including everything from furniture and kitchenware to building material and supplies. DDC will also offer attractive residential and commercial opportunities.
