Information About 23 Marina:

<div align="justify">23 Marina is a standing tribute of one country to another land. An ovation of recognition and respect to the far sighted vision that has transformed Dubai from a city of sand to a city of sky rises, making it a name that the world aspires to live in. This vision of seeing beyond what is perceptible and creating beyond what is possible is a trait that India not applauds but also shares because like this city. We too understand that progress results from bigness of vision and representing India is its contribution to Dubai growth is the country leading business group Hiranandani. We believe at this juncture that representing India in Dubai is just the beginning of our journey to build better communities beyond borders.</div>
