## Information About Infinity Tower:

The visionary management of Cayan chose Skidmore Owings & Merrill, the world-renowned and award-winning architectural group to be their partners in this remarkable project. When the team began their task, they were inspired both by the unique setting of Dubai Marina and the dynamic simplicity to be found in the organic curves of nature. Taking these elements as their starting point, they have created a truly unique building, an 80-storey tower that spirals in a smooth curve by an astonishing 90°, to give every apartment a stunning view of the sea or marina. This extraordinary design will make Infinity a classic of 21st century architecture, a tribute to the power of design and the role it can play in our lives. Drawing together talents from around the world, Infinity is a home for those who cherish the finest aspects of modern architectural design, as well as craftsmanship and attention to detail. Infinity - as unique as the fortunate few who will live there.
