Information About Ontario Tower:

Our designers took great care while working on Ontario Tower to make sure that it has the similarity that Ontario has. The state of Ontario has over 250,000 lakes that make up about one - third of the world's fresh water of these is one of the most famous 'Niagara Falls'. Ontario is also known for its trading, industries and arts and people live in harmony although they are rooted from different cultures. Taking this into consideration we have summarized all of this and put it in one place "Ontario Tower" which consist of commerical units (offices), showrooms, shops, and residential units and a variety of amenities. Surrounded by the beautiful lagoons of the Dubai creek which is known to be an active point of Dubai and the secret of its success.

Life at Business Bay starts at a luxurious residential tower - Ontario Tower, designed to the highest standards and offering a lifestyle unimagined.
