## Information About Ashai Tower 5:

The Ashai Tower 5 looks different because it was designed differently. Unlike many residential towers, the Ashai Tower 5 was created from the inside out to provide its residents with unequalled park views, comfortable living space and a clean, green environment. As one of our signature Series creations, the Ashai Tower 5 was personally designed by Tony Ashai, the acclaimed Los Angeles based architect. By angling the two sides of the tower toward its center, Tony gave nearly every unit in the building maximum park view - even those units located on the sides of the tower. The extra large balconies, energy efficient design and state of the art resource conservation technologies pave the way for eventual Leed certification.

With its clean lines, optimal space planning and proper circulation, one look at the building's floor plans will tell you that the inside of this tower is as beautiful as its exterior. And as for amenities, the Ashai Tower 5 pampers residents and guests alike with valet parking, 24-hour concierge service, private podium-level gardens, a sports court, roof-top pool, gym and spa. Jumeirah Village is located in the heart of new Dubai, the soon to be financial, business and leisure hub of one of the world's fastest growing metropolitan areas. Only minutes away by car from Jebel Ali Free Zone and other international work areas, the Ashai Tower 5 is an ideal commute. After 2009, the new monorail system and new Dubai World Central International Airport will add even more convenience. World class leisure, entertainment and shopping are also a quick drive away.

It takes only minutes to reach the mall of Emirates with its famous indoor ski slope and international Ibn Battuta Mall, Dubai Marina and the Dubai waterfront are also a short drive. And minutes to the south, Dubailand, the world's largest theme park and Dubai Sport City are being built. Now and in years to come, Jumeirah Village and Ashai Tower 5 are perfectly situated for work and play. Park-view from nearly every unit, central Dubai Location, Roof-top pool, Luxury duplexes, Exclusive garden units, 24-hour concierge service, 24-hour security parking, Separate male/female spas, Separate male/female gym, Sports court, Retail and office space. Exterior glazing, Aluminum spandrels, powder coated aluminum, Aluminum glass and storefront system, Limestone.
