Information About France:

The Essence of France:- Land of romance, fine cuisine, fashion and style, The French Revolution, the Louvre, the Champs Elysée, the Eiffel Tower, grand château and compelling architecture, France is a gastronomic and architectural delight, stimulating all of the five senses. The Tour de France, champagne and camembert, croissants and café culture and the incomparable Versailles whet the appetite and keeps people coming back for more. International City's 'France' echoes the chic city buildings of yesteryear. Two, three and four storey residential blocks characterised by long French windows, red and grey bricks and pilasters or half-columns evoke a real sense of fashionable Paris. Resembling the architectural importance of southern France, the latest packages offered include traditional yellow buildings to complement the surrounding areas.

International City's unique design has attracted strong interest from a variety of leading retail outlets, and the development will feature 5,000 shops, some of which will be located on the ground floor of certain residential blocks. Other facilities include three schools, several entertainment facilities and outdoor theatres. Restaurants, medical centres, a post office, police station and transportation services; and a huge parking area will also help ensure a high standard of living and utmost convenience for residents. The neighbouring DragonMart Complex comprises eight fully equipped warehouses offering customers the widest range of Chinese goods outside mainland China. Packed with every conceivable retail product for both the trade and consumer markets, it serves as a permanent exhibition and commercial venue for over 3,000 Chinese companies to display and sell their wares. A tourist attraction in its own right, the complex will house showrooms, shopping areas and restaurants. The neighbouring 12 million square foot Dubai Design Centre is aimed to be a world-class central hub for all products designed to improve both internal and external spaces, including everything from furniture and kitchenware to building material and supplies. DDC will also offer attractive residential and commercial opportunities.
