Information About Greece:

The Essence of Greece:- Land of ancient gods and mythology, the Acropolis, Homer's Iliad, drama and theatre, historic wars and supreme athletes, Greece's history is as old as time itself. Influenced by its location at the junction where East meets West, Greece was a hotbed of forward thinkers and is the cradle of one of the greatest civilisations ever - the place where democracy, mathematics, physics and architecture were born. International City's 'Greece' lies at the edge of the residential district. It features three and four storey buildings that adhere to the Greek architectural ideals of order and harmony. This neighbourhood features tiled-roofs, balconies, symmetrically placed windows and white-painted walls. International City's unique design has attracted strong interest from a variety of leading retail outlets, and the development will feature 5,000 shops, some of which will be located on the ground floor of certain residential blocks. Other facilities include three schools, several entertainment facilities and outdoor theatres.

Restaurants, medical centres, a post office, police station and transportation services; and a huge parking area will also help ensure a high standard of living and utmost convenience for residents. The neighbouring DragonMart Complex comprises eight fully equipped warehouses offering customers the widest range of Chinese goods outside mainland China. Packed with every conceivable retail product for both the trade and consumer markets, it serves as a permanent exhibition and commercial venue for over 3,000 Chinese companies to display and sell their wares. A tourist attraction in its own right, the complex will house showrooms, shopping areas and restaurants. The neighbouring 12 million square foot Dubai Design Centre is aimed to be a world-class central hub for all products designed to improve both internal and external spaces, including everything from furniture and kitchenware to building material and supplies. DDC will also offer attractive residential and commercial opportunities.
